# Raising the roof on a new bank building in Waynesburg

August 26, 2016

Workers set roof trusses Friday on a building being constructed by First Federal Savings and Loan Association of Greene County next to its home office on High Street in Waynesburg. The new building, which will house bank offices, replaces the Allison Building, which was said to be one of the oldest buildings in downtown Waynesburg and is considered the birth place of Rain Day. Bank officials said they designed the new building to look as similar as possible to the Allison Building. - Bob Niedbala/Observer-Reporter [Order a Print](#)
